

# GN 703 Light Bulb

## Airport Lighting

### Description

#### GN-703 500w Threshold Light Bulb

- Airport Lighting

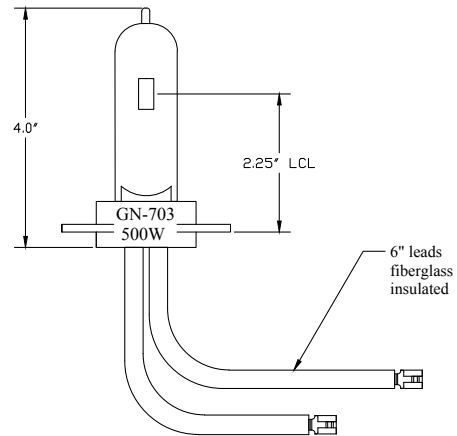

This airport lighting lamp is a 20 Ampere, 500 watt and 500 hour lamp. It is used in high intensity threshold inset fixtures. The lamp conforms to Spec E-2491. The filament is CC-8 and has two high temperature flexible leads wires connected to either male or female terminals. The fem. connectors are required for use with the Crouse fixtures. High temperature fiberglass insulating tubing is provided on each lamp assembly.
